Subject: Cleanup could hurt local jobs

I can't believe the EPA is going to push for a river cleanup that's bad for business.

It's important to remember that the river is also a key driver in Portland economic engine. We all love the Willamette and its role in our environment. But I hope that you'll also factor in the important jobs the harbor provides.

Our harbor is a big part of our economy. Please pick a plan that is good for our workers.

Sincerely,
